

NFL Playoff Bracket

2026 SEASON · JAN-FEB 2027

Seeds 1-4: division winners · 5-7: wild cards
Better seed hosts · Divisional round re-seeded

AFC

NFC

HOW THE BRACKET WORKS

- Seeds 1-4 are the division winners, ranked by record. 5-7 are wild cards: the three best records of the rest.
- Seed 1 has a bye. Wild Card: 2 hosts 7, 3 hosts 6, 4 hosts 5.
- The Divisional round re-seeds: seed 1 hosts the lowest seed left; the other two winners meet at the better seed.
- Conference champions meet in Super Bowl LXI, a neutral site.
- Seeds are set after Week 18 (Jan 10). Write each seed's team on its line, then circle or write your winners.

YOUR BRACKET

Name _____

Tie-breaker: total points in the Super Bowl _____

Scoring per right pick: Wild Card 1 · Divisional 2 · Conference 4 · Super Bowl 8. Best possible: 30.
